

# CONTENTS IN DETAIL

<b>LETTER FROM DEAN KAMEN</b>	<b>xvii</b>
-------------------------------	-------------

<b>ACKNOWLEDGMENTS</b>	<b>xix</b>
------------------------	------------

<b>INTRODUCTION</b>	<b>xxi</b>
---------------------	------------

How This Book Is Organized .....	xxii
----------------------------------	------

<b>1</b>	
<b>WHAT IS FIRST LEGO LEAGUE?</b>	<b>1</b>

FIRST and the FIRST Robotics Competition .....	2
FIRST Robotics Competition .....	3
FIRST Tech Challenge (Formerly FIRST VEX Challenge) .....	3
FIRST VEX Challenge .....	4
FIRST LEGO League .....	5
Themes .....	5
The FLL Robot Game .....	6
Technical Interview .....	6
Project .....	6
Teamwork .....	6
More on FLL to Come .....	7
Junior FIRST LEGO League .....	7
Where Does LEGO MINDSTORMS Fit In? .....	7
MINDSTORMS Components .....	8
The MINDSTORMS Programming Software .....	8
What Is the LEGO Group's Involvement? .....	8
What Are the Differences Between the Two Versions? .....	8
What About the FLL Competition Mat and Models? .....	9
Conclusion .....	10

<b>2</b>	
<b>HOW FLL WORKS</b>	<b>11</b>

Tournaments .....	12
Robot Game .....	12
Field Mat .....	12
Mission Models .....	14
The Match .....	16
The Project .....	17
Research .....	17
Presentation .....	17
Sharing Your Project with the Community .....	18
Robot Design .....	19

Teamwork .....	19
Team Roles and Responsibilities .....	19
Gracious Professionalism .....	20
Problem Solving/Team Dynamics .....	20
Enthusiasm/Participation .....	20
Understanding of FLL Values .....	20
Team Challenge .....	21
Awards .....	21

### **3**

## **GUIDELINES AND RULES** **23**

Mission Descriptions .....	24
Analyzing Mission Descriptions .....	24
Strategizing with Mission Descriptions .....	25
Robot Game Rules .....	26
Q&A and the Forum .....	27
Guidelines for Other Categories .....	28
The Project .....	28
Robot Design and Teamwork .....	28
Rubrics .....	29

### **4**

## **FINDING EQUIPMENT, MENTORS, AND FUNDING** **31**

Equipment and Supplies .....	32
Funding .....	33
Schools .....	33
Government .....	34
Parents .....	34
Businesses .....	34
Fund-Raisers .....	35
Team Mentors .....	36
Gathering Resources Early .....	37

### **5**

## **STARTING OR BUILDING A TEAM** **39**

Methods for Starting a New FLL Team .....	40
School Programs .....	40
After-School Programs .....	40
Community and Church Groups .....	40
Homeschool Groups .....	40
Motivated Parents or Children .....	40
Getting Started .....	40
Announcing Formation of a Team .....	41
Accepting Team Member Applications .....	42
Signup Sheet .....	42
Printed Application .....	43
Interview .....	43
Essay .....	45

Selecting Final Team Members .....	46
Experience and/or Seniority .....	46
Unique Skills .....	46
Gender Balance .....	46
Displayed Interest .....	46
Announcing Your Selections .....	46
Holding Your First Team Meeting .....	47
Introduce Coach, Team Members, Mentors, and Parents .....	47
Exchange Contact Information .....	47
Discuss Meeting Locations and Schedule .....	47
Assign Team Member Roles and Duties .....	48
Sign a Team Member Pledge .....	48
Don't Forget the Food! .....	49
Adding New Members to an Existing Team .....	49
Announce an Invitation for New Members .....	49
Accept Team Member Applications .....	49
Select New Team Members .....	50
Consider a Second Team .....	50
Meet with the Returning Team for the First Time .....	51
Building Your Team .....	51
A Team Is Born .....	51

## **6**

### **MANAGING YOUR TEAM** **53**

Team Structures .....	54
Team Captain .....	54
CEO and Board of Directors .....	54
We're All Equals Here .....	55
Robot Team and Research Team .....	55
Building Team and Programming Team .....	55
Quick Response Teams .....	56
Chassis Team and Attachment Team(s) .....	57
Team Structure Summary .....	57
FLL Team Roles .....	57
Team Captain .....	58
Co-captains .....	58
Building Team Leader .....	58
Programming Team Leader .....	59
Website Manager .....	59
Videographer .....	59
Photographer .....	59
Blogger .....	59
Project Leader .....	60
Program and Data Manager .....	60
Equipment Manager .....	60
Having Fun .....	61
Making Decisions and Voting .....	61
Number of Members Needed for a Vote .....	62
Final Say .....	62
Voting .....	62

Team Progress Tracking .....	63
The Gauge as a Progress Measurement Tool .....	64

## **7 THE TEAM EXPERIENCE 67**

Encourage Your Team .....	67
Encourage and Share with Other Teams .....	68
Share Your Experience .....	68
Give Back .....	69
Methods for Sharing Your Experiences .....	70
Websites and Blogs .....	70
Diaries and Journals .....	71
Photo Albums .....	71
Team Posters and Promotional Items .....	72
The FLL Journey .....	72

## **8 COACHING A TEAM 73**

The Coach's Responsibility .....	74
Online Tools for the Busy Coach .....	75
Doodle .....	75
Google Calendar .....	77
OpenProj .....	80
Organizers Database (Tracking Donations and Contributors) .....	80
More Help for the Coach .....	81

## **9 NXT VS. RIS 83**

Robotics Invention System .....	84
NXT .....	85
The Bricks .....	86
The RCX .....	86
The NXT Brick .....	86
Batteries .....	88
Sensors .....	88
RIS Sensors .....	88
NXT Sensors .....	89
Motors .....	90
Construction Pieces .....	90
RIS Construction Pieces .....	90
NXT Construction Pieces .....	91
Base Kits .....	91
RIS .....	91
NXT .....	92
Availability .....	93
Choosing a System .....	93

<b>10</b>		
<b>BASIC BUILDING</b>		<b>95</b>
Using Existing Models .....		96
Building from a “Foundation” .....		96
Building with Modular Design .....		97
Bracing Your Design .....		97
Types of Braces .....		99
Connecting a Brace .....		100
Gears! .....		101
Gear Chains .....		101
Turning Multiple Objects .....		101
Joining Gears at Right Angles .....		102
Gear Ratios .....		102
Using Gears on Motors .....		104
Treads, Ball Casters, and Wheels .....		105
Treads .....		106
Ball Casters .....		106
Wheels .....		107
Building with the Brick .....		109
Allowing Access .....		109
Using the Brick as a Counterweight .....		110
Attaching the Brick to a Robot .....		110
Motors .....		111
Using Motors as Counterweights .....		111
Controlling Motors with Move Blocks .....		112
Sensors .....		112
Ultrasonic Sensor .....		113
Touch Sensor .....		113
Light Sensor .....		115
Working with Cables .....		117
Useful Connectors .....		118
Hasspings .....		118
Parallel Connectors .....		119
Up Next . . . .....		120

<b>11</b>		
<b>BUILDING TECHNIQUES FOR THE ROBOT GAME</b>		<b>121</b>
Aiming Methods .....		121
Approaches to Handling Table Variety .....		124
Useful Pieces .....		125
Documentation of Your Design .....		125
Chassis, Attachments, and Bays .....		127
Chassis Design .....		127
Adaptable Chassis .....		129
Attachments .....		132
Bays .....		136
Web Resources .....		139

<b>12</b>		
<b>SENSORS</b>		<b>141</b>
FLL-Approved Electronics .....		142
NXT Controller .....		142
Available Sensor Measurement Options .....		144
The Sleep Feature .....		145
NXT Motors and the Built-in Rotation Sensor .....		146
Rotation Confusion .....		148
Touch Sensor .....		150
Pressed .....		150
Released .....		152
Bumped .....		152
Light Sensor .....		153
Ultrasonic Sensor .....		154
Sensors vs. No Sensors .....		155
Sensing a Trend .....		156
<b>13</b>		
<b>GETTING ORGANIZED FOR PROGRAMMING</b>		<b>157</b>
File-Naming Conventions .....		158
Label Your Robots .....		158
Assign Mission Numbers or Names .....		158
Use Version Numbers and Status Words .....		158
Create Longer, Descriptive Names .....		159
Back Up Your Programs and Data .....		159
Robot Mission .....		160
Identify Individual Robot Actions .....		161
Convert Individual Actions to Icons .....		162
Arrange Icons to Mirror Mission Description .....		162
Convert Flowchart to NXT-G .....		164
Flowcharts Work .....		168
Summary .....		168
<b>14</b>		
<b>NXT-G PROGRAMMING CONCEPTS</b>		<b>169</b>
Key NXT-G Blocks .....		170
Move .....		171
Loop .....		172
Switch .....		173
Create a Light Sensor Toggle .....		173
Wait .....		175
Secret Power Blocks: Variable and File Access .....		176
Variable Blocks .....		176
A More Complex Mission .....		179
Sensor Programming Techniques .....		184
Light Sensor Range Reading .....		184
Using the Touch Sensor to Combine Two Programs .....		185
Creating an Ultrasonic Sensor Toggle .....		186
Using Timers for Testing Missions .....		187
Summary .....		188

<b>15</b>	<b>THE PROJECT</b>	<b>189</b>
Choose a Topic .....		189
Research the Topic .....		190
Assign Tasks .....		190
Record Your Findings .....		191
Document Your Sources .....		191
Research Using the Internet .....		191
Search Engines .....		191
Wikipedia .....		192
Ask-a-Scientist .....		192
Personal Interviews .....		192
Libraries .....		193
Field Trips .....		193
Discoveries and Inventions .....		193
Present Your Research .....		194
Presentation Components .....		194
Presentation Style .....		194
Performance Tips .....		195
Preparing .....		196
Community Outreach .....		196

<b>16</b>	<b>TOURNAMENTS AND BEYOND</b>	<b>199</b>
Pretournament Preparation .....		199
Items to Bring .....		200
Robot Packing and Storage .....		201
Use a Checklist .....		201
Set Up the Pit .....		201
Judging Sessions .....		202
General Performance Tips .....		202
Project Session .....		203
Technical Interview .....		203
Teamwork Session .....		204
Robot Matches .....		205
How It Works .....		206
The Match .....		206
Between Matches .....		206
Awards Ceremony .....		206
Celebration .....		208
How to Handle Awards .....		208
Other Tournaments .....		209
Practice the Project Presentations .....		209
Practice Robot Matches .....		209
Review Performance(s) at Previous Tournament(s) .....		209
Attempt New Missions and/or Refine Current Mission .....		210
Take More Action in the Community .....		210
Robotics Workshops .....		210
LEGO Robot Basics .....		210
Competing in FLL .....		210
Team Recruitment .....		212

Preparing for Next Season .....	212
Minicompetitions .....	212
Building a Chassis and Bay .....	213
Some Final Thoughts .....	213

<b>APPENDIX RESOURCES</b>	<b>215</b>
-------------------------------	------------

<b>INDEX</b>	<b>219</b>
--------------	------------
