## **INTRODUCTION** **XV**

Who This Book Is For . . . . .	xvi
About This Book . . . . .	xvii
How to Use This Book. . . . .	xviii
Online Resources. . . . .	xix
Errata and Updates . . . . .	xix

## **1** **GETTING STARTED WITH SCRATCH** **1**

Running Scratch . . . . .	3
Scratch Desktop: The Offline Editor . . . . .	4
The Scratch Editor and Sprites . . . . .	5
The Paint Editor . . . . .	6
Working with Code Blocks . . . . .	8
Adding Blocks . . . . .	8
Deleting Blocks . . . . .	10
Running Programs . . . . .	10
Showing Off Your Programs. . . . .	11
Getting Help . . . . .	12
The Tutorials Window . . . . .	12
The See Inside Button. . . . .	12
Summary . . . . .	13

## **2** **RAINBOW LINES . . . IN SPACE!** **15**

Sketch Out the Design . . . . .	16
A. Create the Space Backdrop . . . . .	18
1. Clean Up and Set the Stage . . . . .	18
B. Create Three Bouncing Dots . . . . .	20
2. Paint the Dot . . . . .	20
3. Add Code for the Dot 1 Sprite . . . . .	21
<i>Explore: Direction and Degrees.</i> . . . . .	22
4. Duplicate the Dot 1 Sprite . . . . .	24
C. Draw the Rainbow Lines . . . . .	25
5. Add the Code for the Drawing Dot Sprite . . . . .	25

The Complete Program . . . . .	28
Turbo Mode . . . . .	29
Summary . . . . .	30
Review Questions . . . . .	31

### 3

## MAZE RUNNER

33

Sketch Out the Design . . . . .	34
A. Make the Cat Walk Around . . . . .	36
<i>Explore: X- and Y-coordinates</i> . . . . .	36
1. Add Movement Code to the Player Sprite . . . . .	38
2. Duplicate the Movement Code for the Cat Sprite . . . . .	39
B. Make the Maze Levels . . . . .	41
3. Download the Maze Images . . . . .	41
4. Change the Backdrop . . . . .	41
5. Start at the First Maze . . . . .	41
C. Keep the Cat from Walking Through Walls . . . . .	42
6. Check Whether the Cat Is Touching the Walls . . . . .	42
D. Make a Goal at the End of the Maze . . . . .	44
7. Create the Apple Sprite . . . . .	45
8. Detect When the Player Reaches the Apple . . . . .	45
9. Add the Broadcast Handling Code to the Maze Sprite . . . . .	47
The Complete Program . . . . .	47
Version 2.0: Two-Player Mode . . . . .	49
Duplicate the Apple Sprite . . . . .	49
Modify the Apple2 Sprite's Code . . . . .	50
Duplicate the Orange Cat Sprite . . . . .	50
Modify the Code for the Blue Cat Sprite . . . . .	51
Go Back to the Starting Position . . . . .	53
Cheat Mode: Walk Through Walls . . . . .	54
Add the Walk-Through-Walls Code to Orange Cat . . . . .	54
Add the Walk-Through-Walls Code to Blue Cat . . . . .	54
Summary . . . . .	55
Review Questions . . . . .	56

### 4

## SHOOTING HOOPS WITH GRAVITY

57

Sketch Out the Design . . . . .	58
A. Make the Cat Jump and Fall . . . . .	59
1. Add the Gravity Code to the Cat Sprite . . . . .	59
<i>Explore: For all sprites vs. For this sprite only</i> . . . . .	61
2. Add the Ground-Level Code . . . . .	64
3. Add the Jumping Code to the Cat Sprite . . . . .	65

B. Make the Cat Move Left and Right . . . . .	66
4. Add the Walking Code to the Cat Sprite . . . . .	66
C. Make a Hovering Basketball Hoop . . . . .	67
5. Create the Hoop Sprite . . . . .	67
6. Create the Hitbox Sprite. . . . .	69
D. Make the Cat Shoot Hoops . . . . .	72
7. Create the Basketball Sprite . . . . .	72
8. Add the Code for the Basketball Sprite . . . . .	73
9. Detect Whether a Basket Is Made . . . . .	75
10. Fix the Scoring Bug. . . . .	77
The Complete Program. . . . .	80
Cheat Mode: Freeze the Hoop . . . . .	82
Summary . . . . .	83
Review Questions . . . . .	84

## 5

### **A POLISHED BRICK BREAKER GAME 85**

Sketch Out the Design . . . . .	86
A. Make a Paddle That Moves Left and Right . . . . .	87
1. Create the Paddle Sprite . . . . .	88
<i>Explore: Rotation Styles</i> . . . . .	89
B. Make a Ball That Bounces Off the Walls . . . . .	90
2. Create the Tennis Ball Sprite. . . . .	90
C. Make the Ball Bounce Off the Paddle. . . . .	91
3. Add the Bounce Code to the Tennis Ball Sprite . . . . .	91
<i>Explore: Cloning</i> . . . . .	93
D. Make Clones of the Brick. . . . .	94
4. Add the Brick Sprite . . . . .	94
5. Clone the Brick Sprite . . . . .	95
E. Make the Ball Bounce Off Bricks . . . . .	97
6. Add the Bounce Code to the Brick Sprite . . . . .	97
F. Make “You Win” and “Game Over” Messages. . . . .	98
7. Modify the Tennis Ball Sprite’s Code. . . . .	98
8. Create the Game Over Sprite. . . . .	98
9. Create the You Win Sprite . . . . .	100
The Complete Program. . . . .	101
Version 2.0: Polishing Time . . . . .	102
Draw a Cool Backdrop . . . . .	103
Add Music . . . . .	104
Make the Paddle Flash When Hit . . . . .	104
Add an Animated Entrance and Exit to the Bricks . . . . .	105
Add a Sound Effect to the Brick Exit. . . . .	108
Add a Sound Effect to the Tennis Ball. . . . .	110

Add a Trail Behind the Tennis Ball . . . . .	110
Add an Animated Entrance for the Game Over Sprite . . . . .	112
Add an Animated Entrance for the You Win Sprite . . . . .	113
Summary . . . . .	115
Review Questions . . . . .	117

## **6** **ASTEROID BREAKER . . . IN SPACE!** **119**

Sketch Out the Design . . . . .	120
A. Make a Spaceship That Is Pushed Around . . . . .	122
1. Create the Spaceship Sprite . . . . .	122
B. Make the Spaceship Wrap Around the Edges . . . . .	124
2. Add the Wrap-Around Code to the Spaceship Sprite . . . . .	125
3. Add the Random-Push Code to the Spaceship Sprite . . . . .	126
C. Aim with the Mouse and Fire with the Spacebar . . . . .	127
4. Create the Energy Blast Sprite . . . . .	127
D. Make Asteroids That Float Around . . . . .	130
5. Create the Asteroid Sprite . . . . .	131
E. Make Asteroids Split in Two When Hit . . . . .	133
6. Add the Asteroid's Splitting Code . . . . .	133
7. Add the Asteroid Blasted Message Code to the Energy Blast Sprite . . . . .	135
F. Keep Score and Make a Timer . . . . .	136
8. Create the Out of Time Sprite . . . . .	136
G. Make the Spaceship Explode If It Is Hit . . . . .	138
9. Upload the Explosion Sprite . . . . .	138
10. Add the Code for the Explosion Sprite . . . . .	138
11. Add the Explode Code to the Spaceship Sprite . . . . .	139
Version 2.0: Limited Ammo . . . . .	141
Cheat Mode: Starburst Bomb . . . . .	143
Summary . . . . .	144
Review Questions . . . . .	146

## **7** **MAKING AN ADVANCED PLATFORMER** **147**

Sketch Out the Design . . . . .	148
A. Create Gravity, Falling, and Landing . . . . .	150
1. Create the Ground Sprite . . . . .	150
2. Add the Gravity and Landing Code . . . . .	151
3. Make the Cat Walk and Wrap Around the Stage . . . . .	153
4. Remove the Ground Lift Delay . . . . .	155

B. Handle Steep Slopes and Walls . . . . .	157
5. Add the Steep Slope Code . . . . .	157
C. Make the Cat Jump High and Low . . . . .	161
6. Add the Jumping Code . . . . .	161
D. Add Ceiling Detection . . . . .	163
7. Add a Low Platform to the Ground Sprite . . . . .	163
8. Add the Ceiling Detection Code . . . . .	164
E. Use a Hitbox for the Cat Sprite . . . . .	167
9. Add a Hitbox Costume to the Cat Sprite . . . . .	168
10. Add the Hitbox Code . . . . .	169
F. Add a Better Walking Animation . . . . .	170
11. Add the New Costumes to the Cat Sprite . . . . .	171
12. Create the Set Correct Costume Block . . . . .	172
G. Create the Level . . . . .	179
13. Download and Add the Stage Backdrop . . . . .	179
14. Create a Hitbox Costume for the Ground Sprite . . . . .	180
15. Add the Ground Sprite's Code . . . . .	181
16. Add More Wrap-Around Code to the Cat Sprite . . . . .	182
H. Add Crab Enemies and Apples . . . . .	184
17. Add the Apple Sprite and Code . . . . .	184
18. Create the Crab Sprite . . . . .	185
19. Create the Enemy Artificial Intelligence . . . . .	186
20. Add the Time's Up Sprite . . . . .	191
Summary . . . . .	192
Review Questions . . . . .	193
